About the Program

The India Heart Symposia (IHS) 2025 is a premier medical conference set to take place in Kolkata and Mumbai, bringing together leading cardiologists, diabetologists and healthcare professionals to discuss critical advancements in cardiovascular medicine and diabetes. The program features a series of expert-led sessions focusing on the intensive management of elevated blood pressure, comprehensive approaches to heart failure across all LVEF types, and the latest clinical trials shaping modern cardiology along with management of Type 2 DM and Obesity. Renowned international speakers and Indian panelists will share insights, followed by interactive panel discussions aimed at fostering collaboration and clinical excellence in the treatment of cardiovascular and metabolic diseases.
